FEATURES AND BENEFITS

Powerful fax performance

- The Super G3 33.6 Kbps fax modem enables a 3-second-per-page transmission speed

Flexible paper capacity

- The front-loading paper cassette can handle an impressive 250-sheets of paper while allowing for quick adjustment between letter & legal-sized output

Automatic document feeder

- The 30-sheet automatic document feeder combines with a single-sheet multipurpose tray to support a variety of document sizes

Autodialer

- Work fast with 80 speed dial locations and 20 one-touch dials
- Users that you frequently send the same document(s) to can be combined into a group location for instant recall
- Manage and load fax numbers from your PC by utilizing the Remote Manager utility (F-112P only)

Advanced fax functionality

- Broadcast a single fax to multiple locations
- Forward inbound faxes to another location, such as a hotel fax number when you're out of the office!
- Secure reception allows you to suppress fax receptions until a password has been entered
- Polling allows you to scan a document into machine memory for retrieval by a remote machine
- Delayed transmission allows you to send documents during off-peak hours to take advantage of lower connection rates
- Transmission Confirmation Report (TCR) provides details of each transmission such as job status and number of pages sent. This report can be set to print after each job or only after failed transmissions
- Quickly print out the autodialer directory and post it for quick reference

Document memory back-up

- In the event of a power interruption the machine will continue to store fax data for up to 96 hours

EasyChangeSM Consumables

- The toner cartridge is accessible from the front panel and can be changed in seconds

Intuitive operation

- The two-line backlit LCD enables seamless function programming and job set-up

Efficiency expert

- The F-112 series are **Energy Star**[®] compliant and offer functions such as toner save mode which can reduce toner consumption by up to 40%

PC connectivity (F-112P only)

- Standard USB and parallel interfaces enable a high-speed local PC connection
- Efficiently produce short run print jobs from your desktop
- Supports electronic sorting to quickly separate print jobs into sets
- Includes a TWAIN scanning driver that pulls documents from the F-112P into any TWAIN-compliant PC application

Convenience copier

- Reduce or enlarge images 50-150% of the original document size
- Supports legal-to-legal copying

Illuminating style

- The small footprint (14.3" x 12.1" x 15.7") allows the F-112 series to fit into the smallest workspaces, while the attractive design brightens up any desktop

SPECIFICATIONS — F-112 SERIES

Classification	Mid-Volume PPF
Coding System	MH/MR/MMR
Modem Speed	33.6 Kbps
TX Speed	3 seconds-per-page
Print Speed	17 pages-per-minute
